- 08:28:26 From Drew Garner to Everyone 🙌
- 08:30:36 From Kelly Greene to Everyone Thanks for the link, Kelly! Sharing now. Happy to help with connections. Happy Monday.
- 08:31:34 From Ilana Lowery to Everyone The name no longer represents all of the work, IMO.
- 08:31:35 From Mala Muralidharan to Everyone I agree AZBSN is great
- 08:32:17 From Jan Schiller to Everyone Agree that branding and visibility is great. Agree that changing the tag line/slogan may be indicated.
- 08:33:32 From Ilana Lowery to Everyone Not disagreeing with messaging and branding, though if we go back to subcommittees that may be more inclusive.
- 08:35:49 From Cindy Hogan to Everyone I agree with Ilana - the name no longer represents the work of all who attend this meeting, IMO.
- 08:36:11 From Ilana Lowery to Everyone That makes good sense, Shereka
- 08:39:01 From Cindy Hogan to Everyone From a messaging standpoint WE understand that but I think Digital Inclusion language needs to be more prevalent
- 08:39:17 From Cindy Hogan to Everyone So the public can start to understand that
- 08:39:28 From Cindy Hogan to Everyone What is our task?
- 08:39:30 From Ilana Lowery to Everyone Yes, Cindy
- 08:42:11 From John Kelly to Everyone Main value of this work is the convening and networking. The work of this group helps promote coordination, info sharing among different groups working on different things. Concerned that adopting "digital inclusion" creates confusion by overlapping with the main mission of other entities.
- 08:42:41 From John Kelly to Everyone Without connectivity, you can't have inclusion
- 08:43:26 From Jan Schiller to Everyone Recommend changing the messaging/branding with changes in the focus, purpose, objectives (instead of changing the name with every change)
- 08:45:11 From Michael Edmonds to Everyone "Arizona Digital Task Force"? With sub-committees for inclusion, connectivity, networking, etcetera?...

- 08:45:17 From Ilana Lowery to Everyone      John, you are correct - but without a refocus, the on-the-ground work isn't getting done through this group, The networking and connecting is absolutely necessary.
- 08:45:34 From Cindy Hogan to Everyone      +1 Ilana
- 08:46:33 From Kelly Greene to Everyone      Thanks everyone! Have a great week.
- 08:47:01 From Drew Garner to Everyone      Thanks everyone
- 08:47:08 From Ilana Lowery to Everyone      The next ADIN meeting is June 16
- 08:59:36 From Bob Jacobson to Steve Peters(Direct Message) Just checking in. Have to go to another meeting in an hour need to get ready. Got some interesting news from Jeff Sobotka, via email. He wants to clarify the NTIA situation in AZ. Will report when he and I finally connect.
- 09:01:39 From kirk busch to Everyone gotta run THX ALL!?
