kajeet®

# Our Only Focus is Education

STUDENT SUCCESS

Kajeet is committed to connecting every student to the online resources they need to succeed.

PROGRAM SUPPORT

A dedicated Kajeet Account Manager will be there every step of the way to ensure your program is a success.
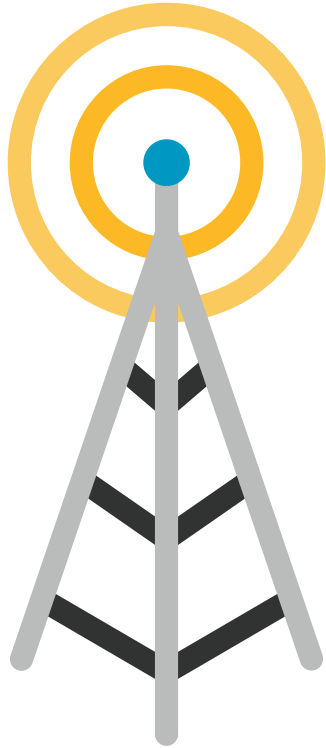

CIPA-COMPLIANT FILTERS

CIPA-compliant filters provide students with a safe, focused online learning experience.

EDUCATOR RESOURCES

Kajeet offers an array of reports, guides, and templates to help you get the most out of your ed tech programs.

kajeet®

Kajeet Network Guarantee

KAJEET OPERATES ON THE SIX MAJOR NORTH AMERICAN WIRELESS NETWORKS

Kajeet guarantees that your students will have access to educational content on the fastest, most reliable cellular network available in your area.

You can even choose multiple carriers for your program to ensure every student is connected, anytime, anywhere.

kajeet.

Kajeet Sentinel®

PROTECTING THE EDUCATION MOBILE WORLD

Sentinel enables students to access online content, filtering out unsafe, non-educational material. The portal also allows administrators to manage data allocations across multiple carriers and track how students use devices.
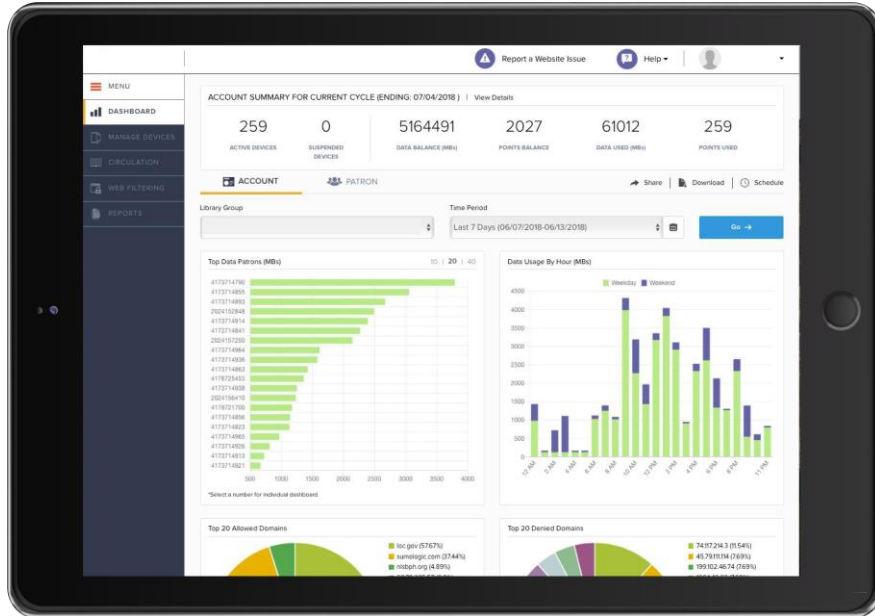

ALLOWED TRAFFIC

BLOCKED TRAFFIC

Sentinel® Reporting & Analytics

EXAMPLES OF DATA PROVIDED:

- Utilization rates per group or program.

- Number of hours spent online doing homework.

- Detailed overview of allowed and blocked sites.

- Top 20 allowed and top 20 denied sites.

- Average data use by hour of the day.

Education & Library Programs

The Kajeet SmartSpot is a filtered Wi-Fi hotspot connecting students anytime, anywhere. This portable hotspot connects any mobile device to safe and educational Internet.

- Close the Homework Gap in your school or district.
- Work directly with Kajeet to choose the network(s) with the best coverage for you.
- Includes carry case, charger, and Quick Start Guide.
- Arrive fully assembled, kitted, and network activated.
- Available on Six North American wireless networks

Recent Use Cases:

- **Traditional Library – In School & Public**
- **Senior/Retirement Homes**
- **On Site Housing Projects**

Check In/Out & Service Suspension

- **Integrated device *and* data service management**

Community Wi-Fi Hotspots

CREATING COMMUNITY WI-FI HOTSPOTS

- Amid school closures, buses are repurposing their Wi-Fi equipped buses to create Wi-Fi hotspots in the community.

- The buses are deployed to neighborhoods or to locations already being used by the district to distribute meals and other essential resources to families.

kajeet®

Community Wi-Fi Connectivity

Provide connectivity in the community in conjunction with other student and family services.

SmartBus Portable

Connect Prime
