

#ConnectEdNow™

Connect every student, school,
district, and community to a more
reliable distance learning experience.

More than 9 million students in North America do not have adequate access to reliable internet at home – this is often referred to as the “Learning Gap”. The COVID-19 pandemic has exacerbated this problem as many schools shift instruction completely online.

At Kajeet, a core component of our mission has always been to provide safe, connected environment for students and their families. **That’s why we’re offering a new affordable connectivity solution to close the Learning Gap.**

Our ConnectEdNow™ Student Bundle for Distance and Hybrid Learning includes:

- ✓ Free Kajeet SmartSpot®
- ✓ One-Year Kajeet Complete Unlimited 4G LTE Service
- ✓ Our Sentinel Platform for CIPA-Compliant Filtering, Time-of-Day Controls, Management, Security, and more!

Visit Get.Kajeet.net/ConnectEdNow or call **240.482.3500** for a free demo and to claim this offer. **Hurry, supplies are limited!**

Limited time offer!

The ConnectEdNow™ Student Bundle is available **starting at \$324.97**, originally \$599.97! Offer expires December 31, 2020.
