08:12:25 From Karen Ziegler To Everyone: <https://www.azcommerce.com/broadband/arizona-digital-equity-plan/>

08:12:52 From Cindy Hogan To Everyone: Congratulations Marcelino!!!!

08:13:05 From Marcelino Flores To Everyone: marcelino.flores@pima.gov

08:13:44 From Erin Lorandos | AZ State Library (she, her) To Everyone: @Marcelino Flores - Do you know Mary Villegas at the State Library yet? She's the Tribal Library Consultant. I'd be happy to connect you!

08:15:13 From Mark Goldstein To Everyone: Following up on the Arizona Digital Inclusion Celebration Summit from 10/3/23, the work of the amazing presenters gathered at the Summit will continue all year long. Video replay is available on YouTube at <https://youtu.be/RctLeMcaDg0> & slides from the presenters available at https://drive.google.com/drive/folders/1J0ICz5W-hKuNW0NZnDgWNmLnMvdQd_QG?usp=sharing

08:16:18 From Ilana Lowery, Common Sense Media To Everyone: Reacted to "Following up on the ..." with 👍

08:19:22 From Marcelino Flores To Everyone: Replying to "@Marcelino Flores ..."

I do not know Mary as yet; Please feel free and share my contact. I would also appreciate learning more of your role. At the County Ms. Michelle Simon has been rolling out the Pima Connects office

08:27:44 From bryan carter To Everyone: What type of drone do you use?

08:29:01 From Kevin Raber To Everyone: We have an entire fleet of drones and often end up using multiple models on a given project

08:30:11 From bryan carter To Everyone: Thank you.

08:30:13 From Ash Black To Everyone: 1 millimeter resolution is pretty stunning, are there practical limitations to how large a survey area can be (as in square meters for example)?

08:32:06 From Kevin Raber To Everyone: Generally the mm level of accuracy scans are reserved for things such as antennas and bridges and buildings, for ground surveys we are generally at 1-1.5 cm of accuracy

08:32:32 From Ash Black To Everyone: Reacted to "Generally the mm lev..." with 👍

08:33:15 From Kevin Raber To Everyone: The practical limitation is simply how long it takes to collect and process at a given resolution since that scales exponentially as we scale up in data quantity and output resolution

08:50:32 From Mark Goldstein To Everyone: Celebrating the Life and Legacy of Ronald S Weinstein, MD on Oct 13, 2023 2:00pm: The Weinstein Family is delighted to extend a warm invitation to you for the virtual unveiling of a bronze bust, commissioned by the Honorable Bob Burns and Gayle Burns, that honors Ronald S Weinstein, MD. Join us in celebrating the life and legacy of Ronald S Weinstein, MD as we reveal this exquisite tribute to his enduring career. The bust was designed and sculpted by Russel "Rusty" Bowers, Former Speaker of the Arizona House of Representatives and a classically trained artist and sculptor. Remarks are scheduled to begin at 2PM Arizona and are anticipated to last approximately 30 minutes. <https://telemedicine.arizona.edu/event/webinar/2023-10-13-celebrating-life-and-legacy-ronald-s-weinstein-md>
